

A big **THANK YOU** to all participants and in particular to all presenters for the excellent IBC talks !!

IBC solar cells are a key R&D topic in PV industry and hence we **HAVE to organize a new BC Workshop in 2023 !!**

**When: November 2023**

**Where: Hameln, Germany**

**Who: ISFH, ISC, ISE, TNO**

**2 days BC Workshop  
1 day IBC4EU project meeting**

**Call for abstracts ~ June 2023**

**When: November 2023**

**Where: Hameln, Germany**

**Who: ISFH, ISC, ISE, TNO**

**2 days BC Workshop  
1 day IBC4EU project meeting**

**Call for abstracts ~ June 2023**

- Founded 1987
- 158 employees
- 12 Mio € revenue
- Focus on applied research in PV and solar systems

- ISFH SolarTeC with industrial type c-Si cell processing tools
- Several more labs for perovskite cell and c-Si module R&D
- ISFH CalTeC for calibrated IV tests
